## Seville Integrated Studies Program at University of Seville (USEV) | Course Pre-Registration

The semester at SSA in Seville begins with a 3-week Intensive Period, with students enrolling in a 3-credit language course and a 1-credit language module. Following the Intensive Period, students continue their semester with a full course schedule, pre registering in an additional one to three courses at the SSA Center and one to two courses at University of Seville. Students are also encouraged to enroll in SPAN 343 - Cultural Realities of Spain.

After consulting with your school's academic advisor, please choose courses following the guidelines below:

1. The prerequisites for this program are:
  - o The successful completion of two courses in advanced Spanish or the equivalent.
  - o Minimum 3.0 GPA in Spanish coursework.
  - o B1 level score in the on-line placement test.
2. You must enroll in a minimum of 12 credits and a maximum of 18 credits per semester. Advanced students may take additional credits with prior approval from their institution academic advisor and the Seville Resident Director.
3. Students are encouraged to enroll in SPAN 343 in their first semester at SSA. This course will run throughout the entire semester.
4. You must select a language class for the Intensive Period.
5. It is mandatory for all students to enroll in a 1-credit language module in the Intensive Period.
6. Heritage and/or native speakers are not allowed to enroll in the Listening (310L) or Speaking (310SP) modules.
7. The minimum enrollment for a course is five students.
8. During the Continuation Period, you will enroll in courses at the SSA Center and at University of Seville for a total of 9-14 credits.

After reviewing the courses available, enter the course codes and names of the one to two University of Seville courses in which you would like to enroll, as well as alternates for those courses. The majority of content courses at University of Seville meet 45-60 hours per semester and equal three to four credits respectively. For the purpose of this preregistration, assume all courses are worth three credits.
10. The minimum enrollment for an SSA course is five students. Final registration in specific University of Seville courses happens in Spain. SSA and University of Seville reserve the right to cancel classes due to low enrollment.
11. Students in this course of study are enrolled in classes at the University of Seville, and finals for fall and spring semesters follow a different schedule from that of the SSA Center. Students are often able to schedule early exams with approval from their professor at the local university, and should plan to coordinate these arrangements at the beginning of the semester.
12. Experiential Learning opportunities have a prerequisite of one course in advanced college Spanish prior to the program and are approved in Seville. You may indicate that you wish to enroll in an Experiential Learning opportunity, but must select a full course load from non-Experiential Learning courses during the Continuation Period, in the event that your selection is not approved.
